

18 March 2020

Announcement of Cummins following Malaysian Government's Movement Control Order

Dear Valued Customer,

All Cummins Malaysia premises will be closed from 18 March to 31 March 2020 in compliance with the Movement Control Order issued by the Malaysian Government on 16 March 2020.

During this period, we will be suspending all of our services and work-related travels as the Order imposes closure of business premises for non-essential services.

For customers involved in essential services for the country, please contact our customer representatives in your respective areas should assistance be required. Our services may be limited and will be subjected to us obtaining the relevant government approval prior to commencement.

All our employees will be working from home during this period and will be contactable via their existing contract details and will be able to communicate with customers through the telephone and email.

We are committed to delivering on our commitments to customers to the best of our ability and assure you that our focus and unwavering dedication will continue so we can support the ongoing needs of your operations. Our goal is to continue to deliver the partnership that you depend on, while making decisions and implementing preventive measures to ensure the health and safety of our employees and customers.

If you have any questions or concerns about our preparedness or how we can safely meet your needs, please do not hesitate to contact me at Jason.Chong@cummins.com. We will continue to keep you updated as needed and as this situation continues to unfold. Thank you.

Yours Sincerely,

Jason Chong

General Manager
